

Jesuit Mission Gift Catalogue

We invite you

to give your family and friends a gift with a difference. Give them the gift of knowing that they are supporting the work of Jesuit Mission in the developing world. Our catalogue of gifts is simple and our costs are low. This ensures that the maximum amount of your donation reaches those in need.

Gift Cards

Jesuit Mission promotes Health, Education and Rural Development programs through three Gift Cards, one for each of these important areas of work. There are three levels of gift for each program making a total of 9 possible gifts to choose from. For each donation made in lieu of a gift you will receive a gift card with an envelope for you to send the card to the recipient. There is room on the card for you to add a note of your own if you wish.

Your donations for Gift Cards are tax deductible. We will include a receipt when we send you the card/s that you purchase.

Ruby, Sapphire and Emerald

The three levels of gift for each program have been given the names **Ruby**, **Sapphire** and **Emerald**. With three levels of donation in each of the programs, you are able to choose an appropriate gift. The recipient of your gift card will also be able to see the kind of support your gift provides.

Health Programs

A **Ruby** health gift will provide such things as mosquito nets protecting people from the world's deadliest killer, malaria. Each year 100s of millions of people fall sick from malaria and millions die, many of them children. This disease can be prevented by your gift of a mosquito net which is impregnated with mosquito repellent.

A **Sapphire** health gift will fund things like medicines and the salary of a health care worker who visits rural villages. The health care worker gathers the women of the village and trains them in basic hygiene and child

care. Many common conditions can easily be cured with your gift of simple medications and the knowledge of how to use them.

An **Emerald** health gift will contribute towards such things as wheel chairs, prostheses, leg braces and physiotherapy bringing mobility, dignity and hope to victims of landmines or polio. It may also contribute to the provision of wells to provide clean water for drinking and bathing.

Education Programs

A **Ruby** education gift will provide such things as school uniforms and the materials required for learning, including text books, note books, pens and pencils and the other things that children need for school.

A **Sapphire** education gift will fund things like school fees and boarding hostel fees for children from remote villages. Many of the boys and girls in these schools are the first children in their family ever to learn to read and write.

An **Emerald** education gift will contribute towards such things as teacher training. Trained teachers from remote areas take basic literacy and numeracy skills back to remote areas. We may also use your donation to support classes for young women preparing for marriage who didn't have the opportunity to go to school as children.

Rural Development Programs

A **Ruby** rural development gift will contribute towards such things as tree seedlings, care for the environment and the provision of small farm animals such as chickens to provide more protein in the family diet.

A **Sapphire** rural development gift will fund things like training programs for farmers to help them improve their farming methods. Your donation may also contribute towards the running of income generating programs and micro credit schemes helping villagers to borrow without exploitation and to save with confidence.

An **Emerald** rural development gift will provide such things as fish ponds and farm animals to improve herds and provide more fish, milk and meat for under-nourished families. It may also contribute towards training in animal care and the treatment of common animal diseases.

Wording on Gift Cards

The wording on the Health, Education and Rural Development cards follows a similar format. The wording on the Health card is given below as an example:

On the inside:

A gift has been bought in your honour through a donation to Jesuit Mission for health programs in the developing world.

On the back:

- A **Ruby** gift donation in aid of our health programs contributes towards such things as mosquito nets protecting people from the world's deadliest killer, malaria.
- A **Sapphire** gift donation in aid of our health programs contributes towards such things as medicines and the salary of a health care worker who visits rural villages.
- An **Emerald** gift donation in aid of our health programs contributes towards such things as wheel chairs, physiotherapy and leg braces bringing mobility, dignity and hope to victims of landmines or polio.
- We will put a tick in the appropriate box on the back of the cards you purchase so that the recipient of your card will see how they are helping those in need.

Greeting Cards

Jesuit Mission also sells greeting cards.

Blank Greeting Card

The front depicts a mother and child. The inside is blank and on the back is a prayer for mission.

Christmas Card

The front depicts a mother and child. The inside says "Wishing you and yours every blessing at Christmas and throughout the coming year." On the back is a prayer for mission.

The purchase of Greeting Cards is not tax deductible.

Mission Prayer

Lord Jesus Christ, Light of the World, we pray for all who share in Your mission of service to the poor and afflicted in our world. Give them health and strength and unfailing confidence in Your mercy and love. May their labours bear fruit and bring them consolation. Through their example may we deepen our love for the poor. May we be brothers and sisters to one another and live the values of Your Gospel. Amen.
